

# Schedule a Dyslexia Simulation at your school

**Experience Dyslexia®** is a simulation that lets participants experience some of the challenges and frustrations faced by people with language-based learning differences. Participants are guided through six learning tasks commonly encountered in the classroom or workplace. These activities are followed by a group discussion focusing on experiences shared and lessons learned, as well as practical tips, accommodations and interventions for the classroom.

**The set up is easy!** All that's needed is the school gym, 6 tables that seat 6-10 people and 1.5 hours of time. View a video about participant's experience - <https://vimeo.com/242748095>

**To find out more about how to schedule an Experience Dyslexia® simulation at your school, please contact: Elaine Huot at [elhuot@mac.com](mailto:elhuot@mac.com) or (303) 579-4496**

Boulder Valley Kids Identified with Dyslexia

#### The six stations:

- |                        |                         |
|------------------------|-------------------------|
| 1 - learn to read      | 4 - name that letter    |
| 2 - listen to me       | 5 - write or left       |
| 3 - write with mirrors | 6 - unfair hearing test |
